# Trade Fair Novelties 2020: SF CLICK bedframe

## Design now available in luxury fabric

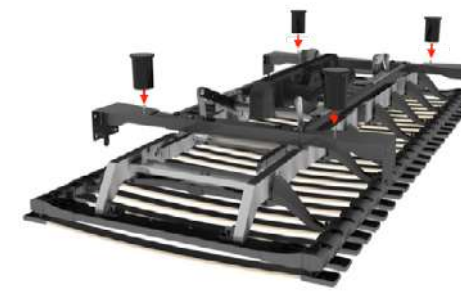

Build a complete double bed in just 10 minutes

Swissflex makes it possible! Beds are generally constructed by first putting together a bedframe on legs and then inserting the slat bases and mattresses. Swissflex has now turned this traditional design style around by positioning the slat bases directly onto the legs and attaching the parts of the bedframe to the sides of the slat bases – including headpiece! Recticel has developed special assembly parts and fittings, preassembled as much as possible in order to facilitate and accelerate construction

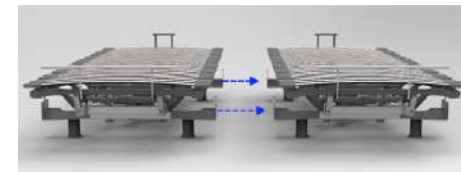

Beds featuring the CLICK bedframe design can be ordered as whole or existing slat bases including everything you need for a good night's sleep.

### Benefits of SF Click:

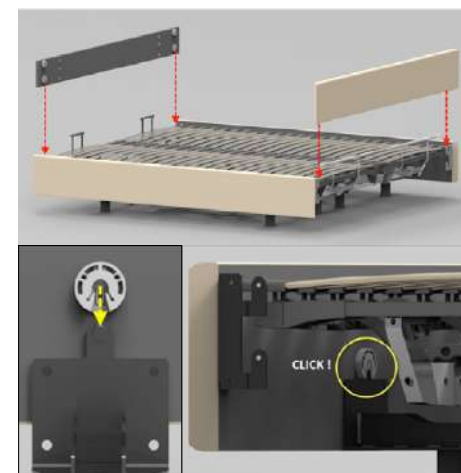

- No optical difference with traditional bedframes – 'wood' look or chic fabric upholstery available
- Can be used in conjunction with the full range of Swissflex slat bases
- Different bedframe profiles and headpieces for your personalised design
- Easy to assemble – Put together a double bed in less than 10 minutes

Preassembled cross bars, legs to be screwed

Press together and tighten screws

Click side panels of bed to close

Retract headpiece – and you're ready!

26cm bedframe with chic fabric upholstery and Madrid headpiece

22cm bedframe with Kronberg Beige 'wood' look and Pillow Wood 3 headpiece

## Other Novelties

### Swissflex Box:

#### Hybrid 18 Deco padded mattress

- Can be used in conjunction with all Swissflex topper models
- Core structure analogue Swissflex Hybrid Basis core (core height 18 cm)
- Three levels of firmness: soft, medium and firm
- Available in all Swissflex Box fabric varieties

#### Circular and removable covers

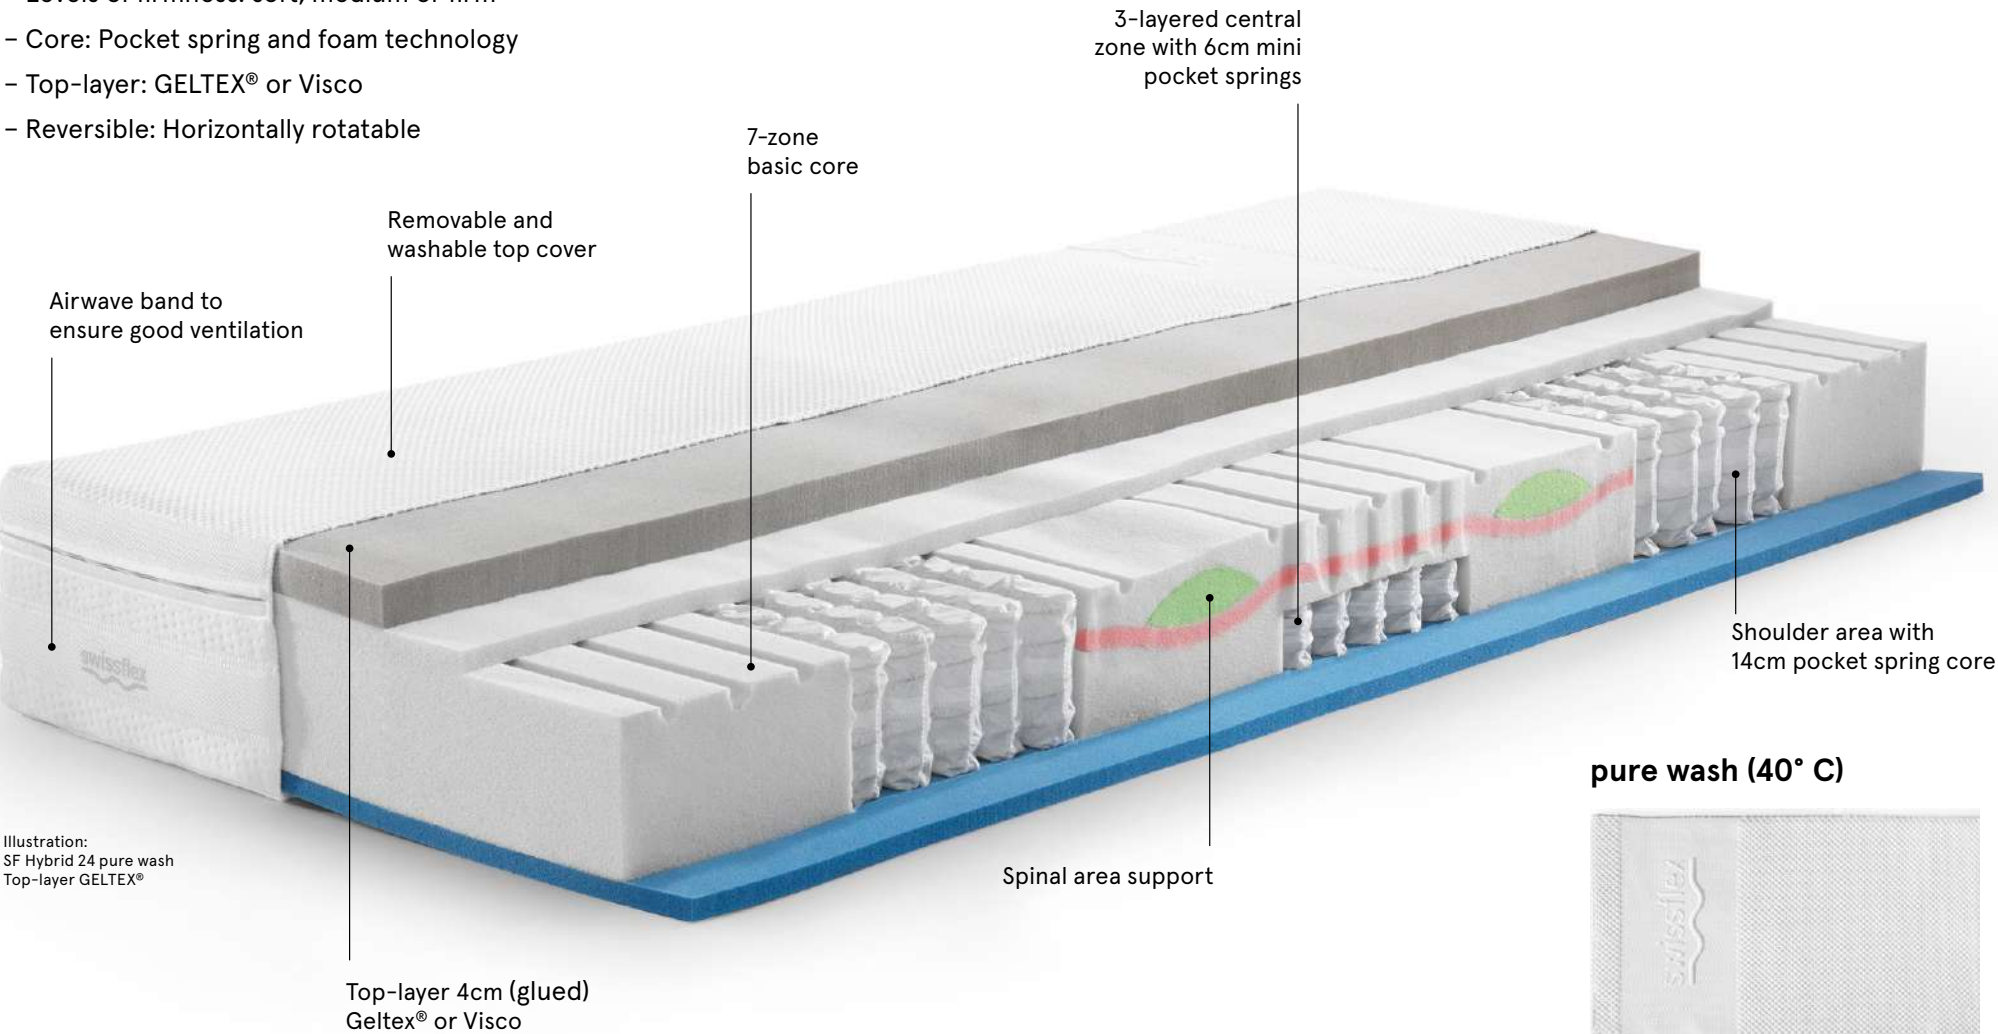

- Boxes are supplied with white padding; covers separate and furnished featuring Velcro compound
- Can be used in conjunction with Fix Boxes (no adjustment necessary), 24 and 33cm height
- For bed widths of 160/180/200cm
- Available in all woven materials, excluding Leather Look
